

Getting Started - How to Create a New User Account

*Prior to getting started, we encourage you to download and install the latest versions of Chrome (google.com/chrome), Firefox (<https://www.mozilla.org>) or IE (<http://www.microsoft.com/>).

To get started, go to www.mygovernmentonline.org

1. Click on the blue Create Account link at the top right of your screen.

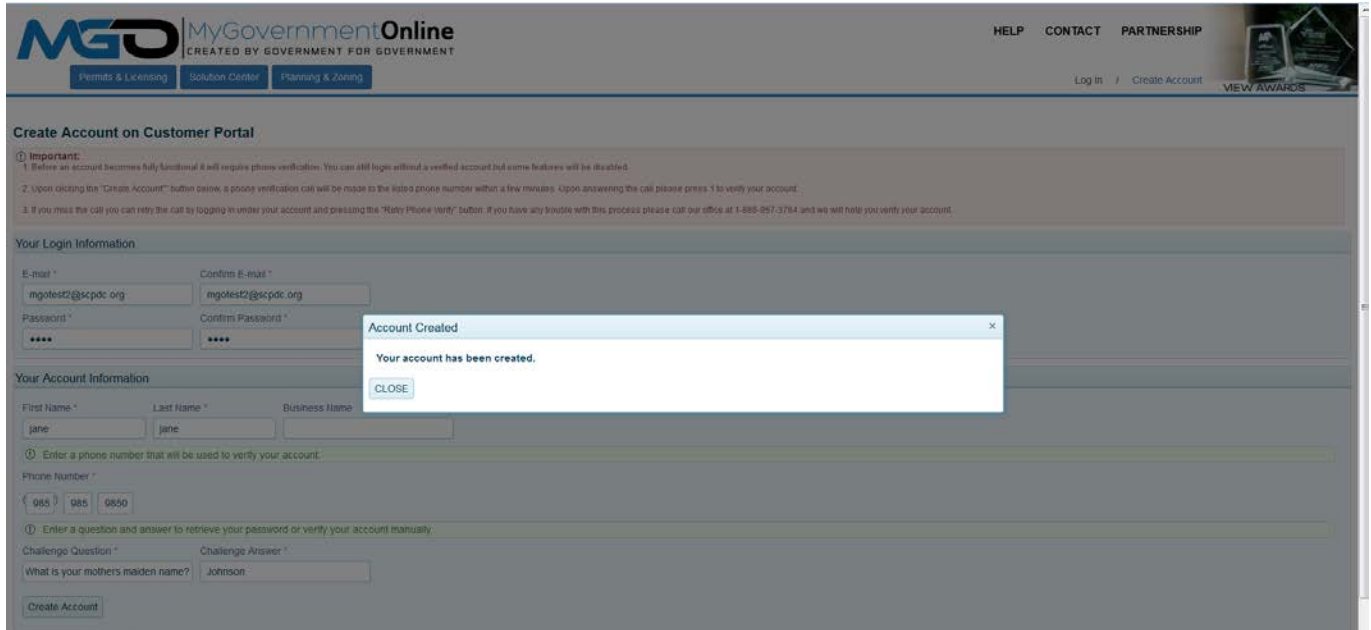

2. Fill in the user account login information required to create your new account. A valid E-mail address is required. The password you enter is very important. Please do not forget the e-mail address. Also ensure that you are not typing in capital letters as the password you enter will be case sensitive. The telephone number you enter must be an active working telephone number. The software service will call the telephone number once you have completed the account creation process. You must be able to answer the telephone call in order for your account to become active. Please phrase the Challenge Question in the form of a question such as “What is your mother’s maiden name?” The answer you type should be one word only such as “Smith.”

The image shows the 'Create Account on Customer Portal' form. At the top, there is a pink box with important information: '1. Before an account becomes fully functional it will require phone verification. You can still login without a verified account but some features will be disabled.', '2. Upon clicking the "Create Account" button below, a phone verification call will be made to the listed phone number within a few minutes. Upon answering the call please press 1 to verify your account.', and '3. If you miss the call you can retry the call by logging in under your account and pressing the "Retry Phone Varily" button. If you have any trouble with this process please call our office at 1-866-957-3764 and we will help you verify your account.' Below this are two main sections: 'Your Login Information' and 'Your Account Information'. 'Your Login Information' has fields for 'E-mail *', 'Confirm E-mail *', 'Password *', and 'Confirm Password *'. 'Your Account Information' has fields for 'First Name *', 'Last Name *', and 'Business Name'. Below these is a note: '1. Enter a phone number that will be used to verify your account'. The 'Phone Number *' field has a dropdown for country code (000) and a text input for the number (000 0000). Below that is another note: '1. Enter a question and answer to retrieve your password or verify your account manually'. There are fields for 'Challenge Question *' and 'Challenge Answer *'. At the bottom left of the form is a 'Create Account' button.

- You will receive an “Account Created” confirmation stating that your account has been created. Click the Close button to close the message. A telephone call to the telephone number you provided will follow shortly. When you receive the call, answer the call and press the number 1 on your keypad when prompted. This completes the account activation process.

If you do not receive the telephone call within 10 minutes, please call the MyGovernmentOnline support line at 1-866-957-3764, option 2 for assistance. Please have your e-mail address and the telephone number used to create your account ready.

***This completes the account creation process and you are now ready to login. Please refer to the table of contents on page 4 to perform the next task desired.**

“My Permits” – View a List of Your Personal Permits (Pending and/or Issued)

The MyPermits section allows you to view your personal list of permits whether the permit has been issued or is still pending. Here are the steps to view the MyPermits list.

1. Login with your user account by clicking the Login link located at the top right area of the website.

2. Enter your FULL e-mail address and then the password to your account in the window that appears.

- Click on the “My Account” button in the top right section of the webpage. This will take you to your My Account dashboard.

- Scroll** down the page until you see the section called “**My Permits**” as shown below. This is the section that contains all of the permits that have been added to your account. From this section you are able to view the project details, completed inspection reports, view plan review documents, and upload documents to a project by clicking the “**View Permit**” button on the left. You may also request an inspection by clicking “**Request**” on the right side of the screen.

***If you do not see a particular project in your My Permits list, please proceed to the instructions on the next page which will show you how to add a permit to your My Permits list.**

Add a Permit to the “My Permits” List

If you would like to add a project to your My Permits list, please follow these simple steps.

1. Once you are logged into the portal, click on the button at the top left side of the screen that says Permits and Licensing.

2. Select the appropriate state your project is located in first. Then select the Jurisdiction that is authorizing the permit. Enter the Project Number (This is the same number as the permit number) **OR** you may search for the permit by the address **Street Number** and **Street Name**. Please do not try to search using both the Project Number and the Address. **Note: If you choose to search by address, you must enter the Street Number ONLY in the Street Number field and then enter the Street Name ONLY in the Street Name field.** Then click the Search button.

Upload PDF Documents to Your Project

In the event the jurisdiction will need additional documents or revised plans for your project, you will have the option of uploading the documents through the customer portal. Please ensure that the document is a PDF document and is saved to your local computer prior to starting the process.

1. Once you are logged in, click on the “My Account” button at the top right area of the webpage.

2. Scroll down to the “My Permits” section and click on the “View Permit” link associated with the project you desire.

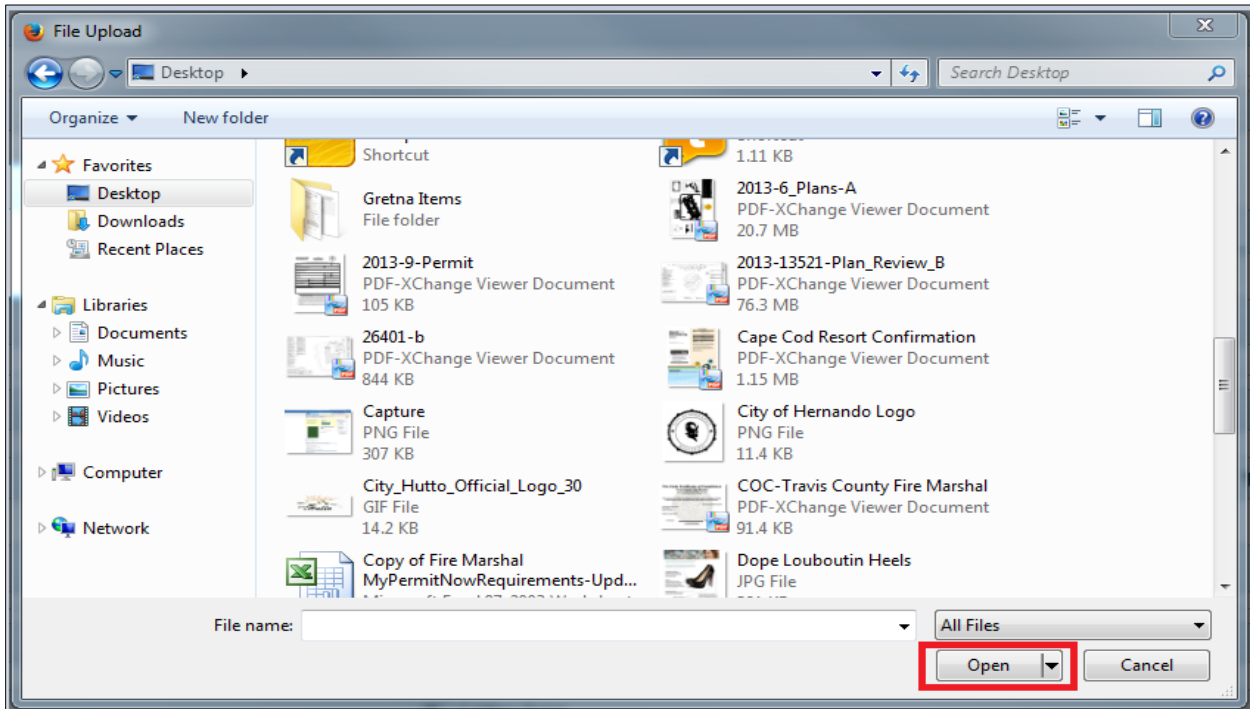

3. When the project opens, **scroll** down the page to the section called **Customer Documents**. Click on the link at the far right that says “Add New File”.

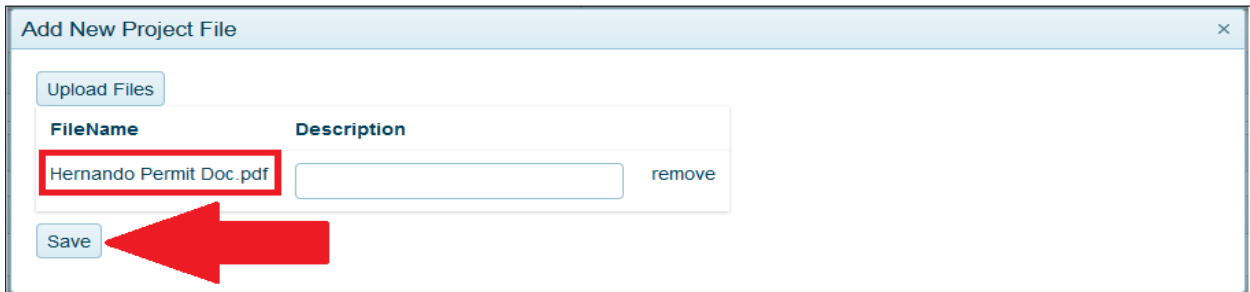

4. Click the “Upload Files” button in the window that appears.

5. Select the file you wish to upload from the folder location on your computer and then click Open.

6. Allow the file time to upload. The length of time to upload will vary based on your Internet connection speed and the size of the file. Once the file has finished uploading you will see the File Name in the window. You may enter a short description in the Description box but it is not required. Click the Save button to complete the file upload process.

7. The file name will display in the Customer Documents section confirming the document has uploaded to the project. The jurisdiction will see the file and contact you if necessary.

View Files and Plan Review Letters from the Jurisdiction

You can view documents and plan review letters that the jurisdiction has added to your project. These documents may communicate a need for revisions required to plans you have submitted or other information related to the project. This section also catalogs the plans you have submitted to the jurisdiction and saves the files historically.

1. Once you are logged in, click on the “My Account” button at the top right area of the webpage.

2. Scroll down to the “My Permits” section and click on the “View Permit” link associated with the project you desire.

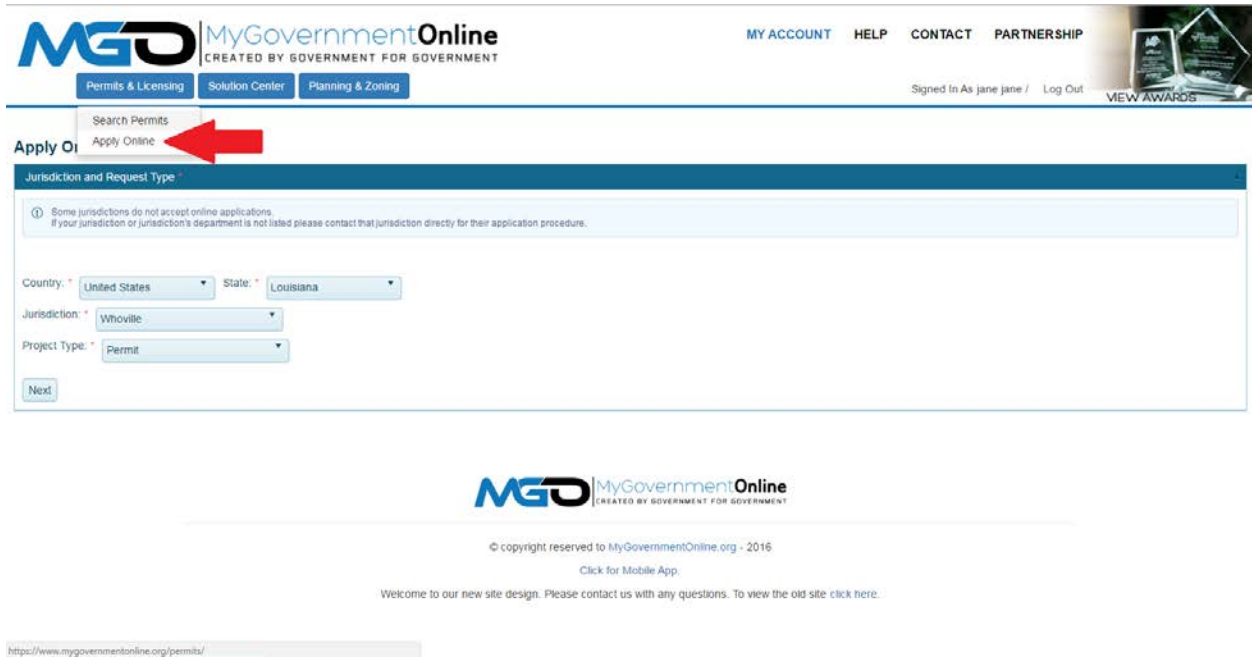

3. When the project opens, **scroll** down the page to the section called **Jurisdiction Documents and Plan Review Letters**. The Jurisdiction Documents section displays files that can be downloaded and viewed in PDF format. The Plan Review Letters section allows you to download and view letters in PDF format. The links to the far right allow you to view any of the items. The documents will open in your computers PDF Reader just as any other PDF document is viewed.

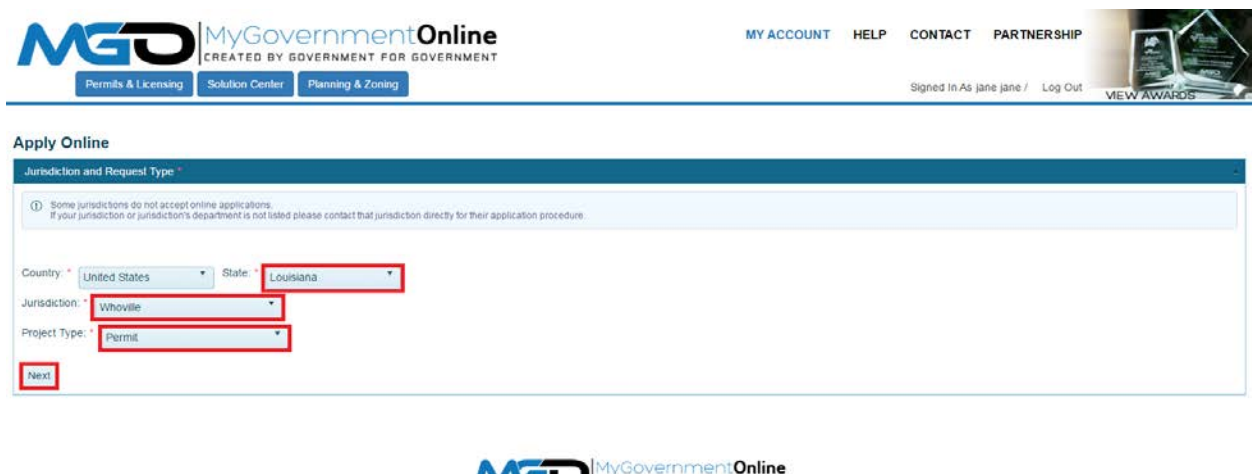

Apply Online for a Permit

You may apply for your permit online if your jurisdiction offers this feature. When applying for the permit you will be able to also upload plans and other documents in PDF format if documents and drawings are required for your project.

1. Once you are logged in, go to the **“Permits and Licensing”** button in the top left area of the screen and then click on **Apply Online**.

2. In order, select the State, Jurisdiction, and Project Type as shown below and then click next. If you do not see the jurisdiction in which you desire to submit an application to after selecting the state, then the jurisdiction does not yet offer the **“Apply Online”** feature at this time.

3. Select **“Get Started on a New Application”** to begin the application process. You should only use the **“Add a Permit to an Existing Account”** option if you are applying for an Electrical, Mechanical or Plumbing permit that will be added on to an already issued building permit.

Print a Copy of Your Permit Document

Once your jurisdiction has received payment of the permit fees and issues the permit, you may print a copy of your permit document from the customer portal. The jurisdiction will notify you via e-mail when you are able to go online and print a copy of your permit. Here are the steps you should follow to print a copy of your permit document.

1. Once you are logged in, click on the “My Account” button at the top right area of the webpage.

2. Scroll down to the “My Permits” section and click on the “View Permit” link associated with the project you desire.

3. When the project opens, click on the “Payments” tab shown below. This will take you to the page listing the fees applicable to the project. It is also the page that allows you to print a copy of the permit once the fees are paid and the jurisdiction issues the permit.

4. The “Payments” tab may list several fees that are required for the project. However, certain fees are classified as the fee that indicates the actual permit type. This is easily recognized when the “Print Permit” link shown at the far right is visible. If the “Print Permit” link is visible at the far right this means that the fee has been paid and the jurisdiction has issued the permit. Click on the “Print Permit” link as shown below to print a copy of the permit document.

5. A copy of the permit document will display. Use the print options specific to your web browser to print a copy of the permit document.
